

Cleanliness and sanitation in our facility have always been a priority. We have amplified these aspects by integrating some sanitation and safety procedures in compliance with the regulations in force, as provided by the Ordinance of the Region of Tuscany n. 48 of 03.05.2020. Responsibly we want to protect your well-being and at the same time, in a fluid way, ensure a pleasant and relaxing stay . Surely the open spaces of the sea, the great wealth of landscapes of Versilia and the multiple possibilities of 'physical activity' outdoors will give you ample breath and security.

- Check in online before your arrival
- If you prefer, feel free to contact our front desk at any time, our staff will keep the safety distance due.

IN DETAIL A SUMMARY OF THE ANNEX OF THE REGION OF TUSCANY WITH A JOINT RESOLUTION OF 03.05.2020

- Hand disinfectant gel devices are available for you at all strategic points
- In the open air and in closed areas, the safety interpersonal distance of 1 metre is respected, except between members of the same cohabiting family.
- The surgical or reusable cloth mask shall be worn by the guests if the distance of 1 metre cannot be maintained. • All employees in prolonged contact with guests wear masks.
- All common areas and rooms are cleaned to the highest standards with PMC detergents/ disposable cloths and sanitized with products based on sodium hypochlorite and ethyl alcohol.
- Contact surfaces, such as elevator buttons, handrails, door handles, light switches, remote controls, etc. are frequently disinfected with suitable products.
- The laundry is washed at 90 °
- Our two swimming-pools are open: in respect of the other guests present please keep the distance of 1 meter, if not possible, to wear a mask. Inside the bath is required the use of the cap. Cots are sanitized frequently with suitable products based on sodium hypochlorite.
- In the dining room, our staff sanitize the floors, tables, seats and tableware after each use.

- The kitchen staff and other departments of our Hotel Joseph are trained and informed appropriately and provide their service according to the current national and regional rules.
- Breakfast, lunch and dinner are served with distance between the tables of 1 meter, with choice between table in the ventilated room through the large windows. You can choose the formula "beach lunch box" to take to the beach under the umbrella replacing it with lunch in the Hotel. The breakfast is served mostly buffet following the rules of distance and wearing the mask.
- The beauty room for a moment to give to yourself is active. The staff will wear mask and gloves. Guests will also need to wear masks. There are many new and unusual situations, even for us in the world of Italian hospitality, that we have made of hugs, handshakes and kisses an added value, but this new holiday mode will not make you miss our warmth and joy in being able to welcome you at the Hotel Joseph.
